IQ TESTING INFORMATION

An IQ test measures verbal and non-verbal problem solving abilities. It is not an achievement test.

To be considered for admission to OWS, applicants must achieve a full scale or composite score at the 95th percentile or above.

For students 6 years of age and younger we accept either the Weschler Intelligence Test (WPPSI-III) or the Stanford-Binet, V.

For students 6 years of age and older we accept the Wechsler Intelligence Test (WISC-IV.)

Students applying to third grade or higher must also submit achievement testing. This can be standardized group testing from a current or previous school (ITBS, etc) or a Woodcock-Johnson III. Applicants to Vista must take the Independent School Entrance Exam (ISEE.)
